Training Opportunities

MMA Risk Management Services (RMS) is participating in a series of trainings that will be of interest to you!

Three individualized training programs are being offered on June 21st, 22nd and 23rd at the University of Maine Orono campus. On June 21st, The New Managers Workshop will be providing an overview of such topics as:

- Understanding Your Role,
- Human Resources & Personnel Management, and
- Ethics and Conflicts of Interest.

Then, on June 22nd, MMA will host the Human Resources & Management Conference, RMS would like to invite you to our workshop Developing or Revamping Your Safety Program. Our own Dan Whittier Loss Control Supervisor, and Jason Johnson Loss Control Consultant, will provide important foundational knowledge to help participants understand what a comprehensive safety program is and the steps needed to implement one in their workplace. Participants will also gain familiarity with resources and toolkits to assist in the process.

And, on June 23rd, MMA is holding the Technology & Innovation Conference, at which RMS Director Michelle Pelletier, and Director of Administration and Information Technology Brian McDonald will present: Understanding Cybersecurity Threats and the steps that municipalities can take to mitigate risk.

MMA Workshops & Trainings

In Your Inbox

The MMA Workers' Compensation Fund is offering participating members a free training opportunity designed to provide tools and support for all Emergency Responders, Mental Health Workers, Chaplains, and Critical Care Personnel. The program, titled **Critical Incident Stress Management** (CISM), prepares participants by providing a range of intervention services and supplies the knowledge and tools to conduct several group crisis interventions, specifically RITS (Rest Information and Transition) CMB's (Crisis Management Briefings), Defusing, and Critical Incident Stress Debriefing (CISD). The training will be held on June 3rd & 4th at Westbrook Public Safety. For more information or to register please email: rmslosscontrol@mem un.org or call: (207) 624-0140.

Workers' Compensation Safety Incentive Program

The Workers' Compensation Safety Incentive Program (WCSIP) is an exclusive cost saving for MMA Workers' Compensation Fund Members only. If you have not joined this program, now is the time. We encourage you to review this program and see how simple it is to participate and how fast you can start saving money for your community. The goals of this program are to provide financial rewards for safety while:

- Reducing the incidence of injury and illness throughout the operations
- Improving overall safety in the work environment
- Maintaining lines of communication with all employees
- Protecting members' assets
- Promoting a self-sustaining safety culture
- Utilizing claim management best practices
- Providing financial incentives which reward a dedication to a culture of safety.

WCSIP Continued

Participation in the program is on a voluntary basis and eligible credits will be applied effective January 1, 2024. These credits will only be added at the next renewal (no mid-term adjustments will be made).

Participation is simple and voluntary. All that you need to do to join WCSIP is to send us:

1. The Acknowledgment on or before **July 1, 2023**.

2. The Resolve is due on or before **August 1, 2023**.

3. The Verification for Tier Assignment form will remain due to us on or before **September 1, 2023**, and look forward to the savings to come!

Each qualifying member may receive an incentive credit up to 10%. The program is tiered into three levels based on documented performance which provide associated credits of:

- Tier I....................... 5%
- Tier II.................... 7.5%
- Tier III.................... 10%
