The Online Products & Services Directory is linked from menus on every page of the site and is a major focus of our featured "Do Business With MMA" page. Ads throughout the site also promote our sponsoring advertisers to our members.

The Online Products & Services Directory provides municipal officials and employees with an opportunity to shop for services and products - when they need them. The Online Products & Services Directory averaged over 15,000 hits last year. The MMA site itself averages more than 8,000,000 hits per year.

For just **\$150.00 per year**, your company or firm can have a Directory listing of either:

1. a link going directly to your web site; or
2. a linked page highlighting your municipal services or products with either contact information and/ or a link to your own web site (No web site yet? This is the choice for you!); and
3. a linked company logo with your listing.

Website Advertising Rates
