

The MMA Unemployment Compensation Fund Response to SIDES

Dear MMA Unemployment Compensation Fund Members,

We hope that we find you safe and well. We are writing to discuss an email that you most likely received from the Maine Department of Labor (MDOL) regarding State Information Data Exchange System (SIDES). We are happy to advise that the MMA Unemployment Compensation Fund ***(The Fund) has already taken the proactive step to register all members of The Fund with a SIDES ID and is ready and prepared to assist in the administration of your unemployment separation B-1 Forms.*** Therefore you can rest assured that we have you covered and that there is **NO** action required of you.

We do wish to take this moment to remind you that if you do receive any documentation from the Maine Department of Labor directly, that you please forward it to us here at the UC Fund so that we can respond accordingly and update your unemployment account appropriately.

As always, we thank you for your membership in the MMA Unemployment Compensation Fund and we hope that you and yours stay well.

Take care,

Denise A. Kolreg
