### **Bills Carried Over from the First Session**

[LD 2016](#) *An Act to Implement Recommendations of the Distributed Generation Stakeholder Group* (Sponsored by Sen. Lawrence of York Cty.) **Carried Over** The bill establishes the Distributed Generation and Energy Storage System Program, which, beginning in 2024, directs the Public Utilities Commission to procure distributed generation resources paired with energy storage systems, called combined projects, and by 2028 procure combined projects that will have a capacity to generate an amount of electric energy that is equal to 7% of the total megawatts of electricity load in this State minus any amount of capacity in excess of 750 megawatts that is procured through current net energy billing programs. The commission is directed to procure at least 70% of this amount through a competitive procurement process resulting in power purchase agreements and up to 30% of the amount from community-owned projects through an open enrollment process resulting in standardized power purchase agreements with prices set in relation to the winning bids under the competitive procurement. A contract with a combined project under the program must be for both the energy from the project and renewable energy credits associated with that energy. The renewable energy credits purchased under the program must be monetized and applied to benefit transmission and distribution utility ratepayers.

**June 1, 2023**

[LD 2007](#) *An Act to Advance Self-determination for Wabanaki Nations* (Sponsored by Speaker Talbot Ross of Portland) **Carried Over** Except as otherwise specified in the Maine Implementing Act, this concept draft bill provides that federal Indian law applies with regard to the rights, privileges, powers, duties and immunities of the Passamaquoddy Tribe, the Penobscot Nation, the Houlton Band of Maliseet Indians and the Mi'kmaq Nation. "Federal Indian law" is defined for this summary to mean the United States Constitution and all generally applicable federal statutes, regulations and common law and case law interpreting, implementing, applying or enforcing those federal laws and regulations, and subsequent amendments thereto, relating to the rights, status, privileges, powers, duties and immunities of federally recognized Indian tribes and their members and land or other natural resources within the United States. This definition explicitly recognizes that federal Indian law is not static, but evolves as federal common law develops, federal laws are passed and amended, and as federal courts interpret the relevant statutes and regulations and their application to federally recognized Indian tribes, nations, bands and other groups.

LD 1976 *An Act to Update the Growth Management Program Laws* (Sponsored by Rep. Sachs of Freeport) **Carried Over** This bill makes several changes to the Growth Management Act (GMA), including:

1. Defining the terms adjacent neighborhood, affordable housing, high-impact corridor, important natural resources, neighborhood standards, place-type, region, rural crossroad, rural farmstead, village center, working waterfront and workforce housing; amending the definitions of critical natural resources, downtown, growth area and rural area; and repealing the definitions of cluster development, multi-municipal region, and transitional area
2. Amending the “purpose” section of the GMA to encourage the State to work with regional planning organizations or council of governments to develop multi-municipal growth management programs to address residential and commercial development, transit, habitat protections, and water quality.
3. Amending established GMA goals to: (1) direct new development to growth areas to make more efficient use of public services and infrastructure, protect natural resources and related industries, and prevent sprawl and resulting traffic impacts; (2) plan for, fund and develop efficient public facilities, including public transportation, and understanding the cost associated with various development patterns and ensuring new developments generate the revenues necessary to fund ongoing infrastructure maintenance and replacement expenses; (3) ensure that municipal land use polices and ordinances encourage the siting and construction of affordable housing located near employment and services and that comply with provisions of state law regarding mobile home and mobile park siting and design requirements; (4) protect, maintain, and improve the water quality of each water body subject to state regulation and ensure water quality is protected from long term and cumulative increases in phosphorus in great pond watersheds and nitrogen in coastal waters; and (5) encourage municipalities to develop policies to accommodate older residents with aging in place, including appropriate housing options, transportation access and accessibility and availability of needed services.
4. Authorizes the state to adopt routine and technical rules related to the mandatory provisions of the GMA.
5. Until the inconsistency is resolved, authorizes state review of any proposed development project that is proposed within a municipality that has adopted a rate of growth, zoning or impact fee ordinance that is found inconsistent via court order or during a state completed comprehensive plan review.
6. Requires the municipal committee directed to prepare a growth management plan to: (1) bring together as many people from the community as possible through a series of public events and activities; (2) advertise a full schedule of meetings and opportunities for the community to engage in the process; and (3) share the draft plan broadly with the community, incorporate feedback, issue subsequent drafts and assist with the implementation.
7. In the process of encouraging public participation in the development of the growth management plan, directs the municipality to: (1) assemble and provide key data and insight to the public in an easy to understand format at the beginning of the process to help inform the work; (2) solicit and consider a broad range of public input by holding an initial public workshop priorities from the community; (3) conduct hands-on workshops with the public using maps to understand where residents want to protect critical natural resources and rural areas and how to focus development; (4) prepare illustrative master plans for designated growth areas where

significant change is imaged by the community, with multiple alternatives and iterations generated and evaluated in response to public input and feedback, including at least two rounds of review and revision; and (5) provide multiple opportunities for the public to review and comment on draft plans, proposals and priority actions.

8. Requires municipalities to notify the state and regional planning organizations (RPO) that the comprehensive planning process has been initiated and directs the state and RPOs to work with municipalities to provide mapping for initial public workshops, including Beginning with Habitat maps and supporting resources. The state and RPO are allowed, but not required, to provide municipalities with additional useful data and mapping in response to the big ideas and high priorities identified by the public.

9. Amends the statute encouraging public access by requiring planning committees to advertise meetings through traditional and modern media channels and where possible, use hybrid meeting technology, and record meetings for viewing by individuals unable to attend scheduled meetings.

10. Amends the statutes requiring the planning committee to hold at least one public hearing prior to adopting the plan by requiring the committee to present the draft plan with an interactive portion of the meeting providing the public the opportunity to ask questions and provide feedback. Following the presentation of the plan, the committee must conduct a public comment period, after which the committee must make plan revisions and issue the next drafts. Councils and select boards are required to hold a joint public hearing with the planning board to ensure that all parties agree and to strengthen accountability and townwide ownership of the plan.

11. Requires a copy of the proposed comprehensive plan to be made available on the home page of the municipal website and in hard copies for public inspection.

12. Amends the data that may be analyzed in the process of drafting a comprehensive plan to include supplies of affordable, workforce and market rate housing, socio-economic makeup of the community and available for community networks, programs and support systems to respond to the needs of residents, and data related to the total length of road and other infrastructure liabilities to inform capital plans for the life cycle costs of existing infrastructure projected 30 years out and an understanding of the taxes necessary to pay for additional public services.

13. Requires comprehensive plans to: (1) include a description of the community's desired outcomes for critical natural areas, rural areas and designated growth areas; (2) identify and map conserved land and critical natural resources subject to formal legal protection and rural areas that deserve protection from unrestricted development; (3) identify and map designated growth areas including where development exist, where it should go and the desired pattern of development; (4) use data and maps to guide decisions on how and where to conserve and develop land and include in the comprehensive plan a variety of natural resource based maps; and (5) include an implementation plan consisting of policies and strategies to help the community achieve the plan's goals.

14. Requires adoption of land use policies and strategies that: (1) within designated growth areas reduce minimum lot areas, lots widths and unit sizes; align front and side setbacks with the development characteristics and patterns; allow for a range of multi-unit buildings types; designate use of municipal land for affordable housing; reduce or eliminate on-site parking requirements in downtowns, adjacent neighborhoods, villages and high-impact corridors; eliminate on-site open space requirements; provide clear and simple rules for accessory dwelling units; consider adoption of form-based development standards; establish timely permitting

procedures; and where new growth areas are identified, require neighborhood standard to be adopted in a way that implements the community's vision; (2) support development, including affordable housing by establish programs such as TIF, low-interest revolving loans funds, life safety and façade grants, reduce impact fees in growth areas and establish local or regional land banks or community land trust; (3) create a financial plan for the maintenance and replacement of exiting public infrastructure and services over a 30-year life cycle; and (4) within rural areas discourage incompatible development by establishing a fund for land conservation, increasing minimum lot area to 10 acres, assessing impact fees on subdivisions located outside of growth areas, adopting a rate of growth or cap on building permits issued for development outside of the growth area, allowing farmstands on lots that are five acres or greater, establishing a transfer of development rights program and adopting a policy that prohibits the municipality from assuming public ownership or maintenance of private roads located in rural areas.

15. Repeals comprehensive planning provisions that are either duplicative or in conflict with the standards established in the bill.

16. Clarifies state level review of submitted comprehensive plans must be based on adherence with the mandatory elements of the GMA.

[LD 1975](#) *An Act to Implement a Statewide Public Health Response to Substance Use and Amend the Laws Governing Scheduled Drugs* (Sponsored by Rep. Crafts of Newcastle) **Carried Over** In part, this bill establishes the Substance Use, Health and Safety Fund in the Department of Health and Human Services to oversee, approve and provide grants and funding to agencies, organizations and service providers, to increase voluntary access to community care for persons who need services related to substance use. By June 30, 2024, and annually thereafter, the Legislature must appropriate to the fund an amount sufficient to fully fund the services as set forth in the bill.

[LD 1967](#) *An Act to Support Municipal Franchise Agreements* (Sponsored by Rep. Melanie Sachs of Freeport) **Carried Over** This bill provides that beginning on January 1, 2024 any new or renewed franchise agreement or contract between a municipality and a video services provider (VSP) that includes payment of a franchise fee must: (1) authorize the municipality to use the fees to offset the costs to regulate the VSP, support provision of public education and governmental (PEG) programs; offset municipal property taxes; and any other purposes identified by the municipality; (2) require franchise payments to be made no later than 45 days after the end of the each calendar quarter, with failure to do so resulting in the assessment of a 12% interest payment on unpaid fees and enabling the municipality to terminate the agreement or contract for repeated failure to pay fees; and (3) require payments to be accompanied by a financial statement, verified as correct, identifying the total amount of gross annual revenue generated by the activities of the provider and a description of the calculation used to determine the payment, which at the municipality's discretion may be subject to an audit by a qualified third party selected by the municipality. The bill further clarifies that a municipality's acceptance of franchise fee revenue does not constitute agreement that the amount paid is correct unless the municipality has not initiated a process to challenge or audit the paid fee within 36 months of payment, or within 48 months of receipt of payment in cases where a financial statement is not provided. The bill also: (1) prohibits a VSP from offering or providing services

within a municipality unless it has entered into a franchise agreement or contract with the municipality to do so; (2) grants the PUC regulatory oversight of VSP; (3) defines the terms facility support transmission equipment and PEG facility equipment program and signal; (4) replaces the term “cable system operator” with “video service providers” throughout the statute which is defined as a person that sells access to video, audio or computer generated or augmented entertainment services and owns or operates facilities located in whole or in part in public rights-of-way; (5) makes a VSP responsible for all cost for PEG equipment reasonably necessary to capture, process and deliver content and further provides that the VSP may not offset cost through the payment of a franchise fee, but provides that the VSP may recover costs from subscribers as permitted by law and negotiated by the municipality; (6) provides that a strand mile of cable is measure from the end of the current cable installation; (7) repeals the authority for municipalities to grant exclusive franchises; (8) requires the PUC to oversee and enforce the provision of the statute; and (9) authorizes the Attorney General to bring action to enforce the provisions of the law. Finally, the bill creates a dispute resolution process, authorizing the municipality or provider to petition the PUC to investigate and resolve the dispute or request binding arbitration by a mutually agreed arbiter from the Maine Association of Mediators.

[LD 1914](#) *An Act to Enact the Maine Psilocybin Health Access Act* (Sponsored by Sen. Bailey of York Cty.) **Carried Over** This bill creates the Maine Psilocybin Services Act regulating the use, licensure, possession, manufacture, administration, tracking and testing of various species of mushrooms. The bill provides for state level licensing of four related psilocybin activities including: (1) service center, where a client participates in a preparation, administration and integration session; (2) service facilitator; (3) manufacturing facility; and (4) testing facility. Municipal authority to regulate the industry is limited. While communities may adopt an ordinance that imposes reasonable regulations, municipalities may not require a local license, impose a tax or fee or prohibit more than one service center from operating within municipal boundaries, as long as the distance between centers is greater than 1,000 feet. Reasonable regulations are defined as: (1) conditions on the manner in which products are manufactured; (2) conditions on the manner in which centers provide services; (3) limits on the hours of operation; (4) requirements related to public's access; and (5) limits on where licensed premises may be located. In addition, service centers are prohibited from locating: (1) in unorganized territories; (2) in areas zoned exclusively for residential use; or (3) within 1,000 feet of a public or private elementary or secondary school unless there is a physical or geographic barrier preventing students from reaching the premises or the abutting property had not been previously used as an active school.

[LD 1904](#) *An Act to Enact the Maine Fair Chance Housing Act* (Sponsored by Speaker Talbot Ross of Portland) **Carried Over** This bill establishes the Maine Fair Chance Housing Act, the purpose of which is to ensure that a person is not denied housing based solely on the existence of a history of criminal convictions. This bill prohibits a housing provider from considering an applicant's criminal history until after the housing provider determines that the applicant meets all other qualifications for tenancy. A person who is aggrieved by a violation of the Maine Fair Chance Housing Act by a housing provider may file a grievance with the Maine Human Rights Commission and, if it is a violation by a private housing provider, may bring a civil action in court.
