

Has your office considered hosting an intern this summer?

## MAINE GOVERNMENT SUMMER INTERNSHIP PROGRAM

Why have a summer intern? Hear what some of your colleagues had to say!

- “He truly moved the needle on our recruitment plan which in no way would have been possible with current staffing”
- “Our intern provided a fresh perspective to the process of conducting research and broadened the scope of the standard things we would look for and report on. The intern was thoughtful and innovative. The intern’s ability to sort through large data sets and identify key elements was impressive.”
- “The intern was very technically skilled, worked independently, took initiative at every opportunity, and completed a big and important project that we did not otherwise have the resources to complete.”

### DATES:

May 27, 2025 –  
Aug. 15, 2025
